

CURRENT INVENTORY AS OF September 1, 2017

INSTRUCTIONS

NOTE: In 2017, there has been a shortage of trees due to the amount of trees planted in the past. There will also be a shortage in 2018, so plan to buy trees early for next season.

Starting September 1st each year, the North Carolina Christmas Tree Association (NCCTA) keeps a current inventory of trees available from our members. This inventory will be updated monthly or sooner if needed.

Attached are five spreadsheets:

- Fraser Fir #1**
- Fraser Fir #2**
- Other Species (Blue Spruce, White Pine, etc.)**
- Wreaths, Roping & Boughs**
- Contact Information**

- 1. Decide which species of tree you are looking for.**
- 2. Look for the size and quantity of trees.**
- 3. Cross reference the growers' name that has the trees available to the CONTACT INFORMATION sheet (last page).**
- 4. Entries highlighted in blue on spreadsheets are most current and recently updated as of date above in blue.**

If you have problems downloading this file, please call the NCCTA office and we will fax or mail it to you.
